

Compact SeeSnake Flatpack Inspection Camera

The RIDGID Compact SeeSnake Flatpack Drain Inspection System is a lightweight and compact camera, designed for inspection of max 150mm drain/pipes which is the maximum diameter of pipe used in almost any house. The System consists of a reel, which includes the push cable, camera head and standard equipment and a monitor unit.

Closed dent free rust proof Reel

- Avoids dirt getting out while transporting
- Dimensions: 61 x 19 x 69cm
- Diameter: 61cm
- Weight: 5kg

Monitor Unit

- Tilt stand, splashproof monitor when cover closed
- 5" Black & White monitor 400 HTVL or Colour 330 HTVL
- Flipswitch to flip the image 180 degrees
- Video in/out connection
- Operates on a 14.4v battery and a 240v charger or by 240v mains power source.

High Quality Camera Head

- 25mm diameter
- Stainless steel housing
- 15 LED's
- Adjustable LED's behind a thick plastic window, virtually scratch-free sapphire crystal lens
- Pipe view (wide angle) technology to be able to clearly see the pipe wall

Pushcable

- 6.8mm Diameter, 30m long with fibreglass inner-core to provide pushing power with flexibility
- Pushcable and camera head are 10bar waterproof

System Comprises

- Reel including Camera, Pushcable and FleXmitter
- Monitor Unit
- 2 x Ball guides
- 2 x Centering guides
- Spanner Wrench

Stainless Steel Spring

- Includes 512Hz FleXmitter
- Redundant mechanical connection includes stainless steel locking sleeves and safety cables to keep the system together. Electrical connections are never under stress

Line capacity: 40 – 150mm / 1 ½ - 6" through 90 degree bends (50mm onwards)
