

Drain Inspection Camera 13.5mm Dia

The Drain Inspection Camera with 13.5mm dia Camera comes in its own storage box with a built-in LCD screen to review, monitor and record video footage in real-time. Video footage can be recorded directly onto a USB memory stick (32GB max) allowing for video footage to be viewed, stored and played back. With a Video out facility recordings can also be made directly to a media player or other recording device. The LCD screen, camera and DVR can be powered either from the 12v rechargeable battery or from a UK plug adaptor. The Inspection camera is mounted on a spring and connects to a fibreglass cable. Once connected, the user can view the images in colour on the built-in LCD screen.

The camera head is rated waterproof to 10m by the manufacturer.
